Henri Alvarez is an internationally recognized Canadian arbitrator who practices as an independent neutral at Vancouver Arbitration Chambers (VAC). Before establishing an independent arbitration practice (effective 1 December 2016), Henri was a partner of Fasken Martineau DuMoulin LLP.

Mr. Alvarez has over 35 years of experience as arbitrator and counsel in the field of international commercial arbitration and dispute resolution. From 1985 until 2012, Henri taught a course in this field at the Faculty of Law at The University of British Columbia. He has served as an arbitrator in a wide variety of international and domestic commercial arbitrations involving investments, trade, franchising, licensing, distributorship, construction, forestry, oil and gas, energy, banking, corporate and general commercial disputes. He has served as a sole arbitrator, party-appointed arbitrator and Chairman in both *ad hoc* and institutional arbitrations in many international commercial disputes and investment disputes. He regularly conducts arbitrations in English, Spanish and French.

In 1985/1986, Mr. Alvarez was invited by the Attorney General of British Columbia (BC) to join the Arbitration Taskforce on international commercial arbitration which provided draft legislation for adoption of the UNCITRAL Model Law on International Commercial Arbitration and adoption of the New York Convention on the Recognition and Enforcement of Foreign Arbitral Awards. In 1986, BC enacted legislation adopting both instruments. In 2016, Mr. Alvarez participated as a member of the Arbitration Advisory Group to the Attorney General for British Columbia for legislative reform and promotion of Vancouver as a seat for international arbitration. BC enacted updated international and domestic statutes in 2018 and 2020 based on the recommendations of this group.
